A good dress search starts with the right questions.

Singapore has no shortage of bridal studios. Our guide gathers a broad, practical starting selection so you can compare gowns to buy, rent or create without opening dozens of tabs. The prices below are service starting prices, not guaranteed final quotes, and are not directly comparable across all studios.

Look for what is included: basic alterations, cleaning, fitting appointments, GST, security deposits, accessories and any production or design fees. Confirm current prices and booking availability directly with every studio.

HOW TO READ THIS GUIDE

- "From S$..." means a published starting rate for that particular buying, rental or custom service; it is not a complete range.
- "Prices on enquiry" means no reliable current gown-specific price was established for this edition. It does not imply that the studio is expensive.
- Some figures come from the studio itself; others from a named bridal directory, and some promotions are time-limited. The source link beside each listing lets you check.

Research updated 29 October 2026. Figures in Singapore dollars unless otherwise indicated. Editorial approach: weddingdresses.sg/about.html / Privacy: weddingdresses.sg/privacy.html

01 / Published starting prices (17 studios)

The studios below have a published numeric starting figure for at least one gown-related service. Bone & Grey Bridal appears first; the remaining studios are listed by their lowest stated starting figure, regardless of whether it is for rental, purchase, custom work or a package. Compare the service types carefully, and confirm all pricing before booking.

02 / Prices on enquiry or no confirmed starting rate (31 studios)

These studios are grouped at the end because a reliable, comparable public starting figure was not available for this edition. This does not imply higher prices. Some display prices for individual gowns without publishing one studio-wide starting price. Contact the studio or consult its linked listings for current figures.

04 / Five questions to ask at your first appointment

01. Is the quotation for one gown only, or for a package including makeup and photography?

02. What is included: cleaning, alteration rounds, veil, petticoat and GST?

03. Is the quoted rate for rental, purchase, made-to-rent or a bespoke purchase?

04. What is the lead time, and is a rush order or alteration fee charged?

05. What deposit, cancellation terms and damage or late-return charges apply?
